

Update As of September 2024

Founded in 2016 by Rabbi Yaron Reuven and Rabbi Efraim Kachlon, BeEzrat HaShem Inc. has established itself as a leading Jewish educational and humanitarian organization. Our mission is to address the world's spiritual and moral challenges through the ethical teachings of the Torah, while simultaneously providing food and financial aid to impoverished Jews in Israel. We are committed to helping Jews, converts, and Noahides globally, meeting them at their individual levels of understanding with honesty and deep passion for Torah teachings. This unique combination of spiritual guidance and humanitarian aid has enabled us to successfully bring the Divine Light of Torah to seekers worldwide.

Within just eight years, our organization's growth and impact are demonstrated through the following achievements:

Educational Outreach:

- Produced and distributed over 14,000 educational lectures across 23 YouTube channels in 12 languages
- Created 460 Torah-based films
- Published and distributed 33 books and over 250,000 copies free of charge
- Distributed over 2 million educational materials through CDs, USBs, and promotional cards

Technological Innovation:

- Recently launched AI RABBI (www.AIRabbi.org), a revolutionary application that extends our educational reach
- Developing multiple additional applications to enhance our global outreach
- Maintaining an active technology development pipeline for future growth

Humanitarian Aid:

- Provided food and financial assistance to more than 208,000 Jewish individuals in Israel
- Operate two Kollels (advanced Torah study centers) in Israel
- Monthly Food Distributions and Financial Assistance to Poor In Israel

Financial Stability:

- Maintain consistent annual donations of approximately \$2,000,000
- Support from a diverse donor base spanning six continents

- Strong track record of efficient fund deployment for both educational and humanitarian initiatives
- Positioned for substantial growth through technological innovations and expanding digital presence

Our organization's remarkable growth and impact since 2016 demonstrates our operational excellence and financial stability. We continue to innovate and adapt to modern technologies, as evidenced by our recent launch of AI RABBI and ongoing development of additional applications. These technological initiatives, combined with our traditional outreach methods, position us for significant growth in both our educational impact and financial strength. The proposed facility will enable us to expand our educational programs and enhance our community services while maintaining our commitment to both spiritual guidance and humanitarian aid.
